Program**

Keeping families together

The Adopt-a-Room program is an opportunity for individuals to help families who are going through the most traumatic event in their lives- an illness or injury of their child.

Through the Adopt-a-Room Program at Ronald McDonald House Newfoundland and Labrador you can provide the most caring and practical support to families during this incredibly stressful time by providing a home-away-from-home.

You will be helping give sick or injured child the one thing they really need- their family.

Make miracles happen

The Adopt-a-Room Program ensures that the rooms at Ronald McDonald House are beautifully kept, operated and maintained for families who need a comfortable place to stay while in St. John's seeking medical attention for their child. Your adoption for one or three years will help cover the costs associated with maintenance and upkeep of your room, ensuring it is always available for the families that stay with us each night. You could be directly

supporting hundreds of families each year, making sure their room will always have necessities like comfort, clean linens and repairs. Your room will require updating at times and your support will help that make happen.
