What is the Adopt-A-Room Program?

Keeping families together

The Adopt-A-Room program is an opportunity for individuals to help families who are going through the most traumatic event in their lives- an illness or injury of their child.

Through the Adopt-A-Room Program at Ronald McDonald House Newfoundland and Labrador you can provide the most caring and practical support to families during this incredibly stressful time by providing a comfortable home.

You will be helping give sick or injured child the one thing they really need - their family.

Help make a difference in the lives of sick or injured children and their families

Make Miracles Happen

*So many reasons to give...
In honor of someone you admire
In memory of someone in your heart
In recognition of an accomplishment
In celebration of families everywhere*

The Adopt-A-Room Program ensures that the rooms at Ronald McDonald House are beautifully kept, operated and maintained for families who need a comfortable place to stay while in St. John's seeking medical attention for their child. Your adoption for one - three years will help cover the costs associated with maintenance and upkeep of your room, ensuring it is always available for the families that stay with us each night. You could be directly supporting hundreds of families each year, making sure their room will always have necessities like comfort, clean linens and repairs. Your room will require updating at times and your support will help make that happen.

RMHC keeps families with a sick or injured child close to each other and the care and resources they need, when they need it most.

We can only provide programs and services with your help, and for that we say **Thank you!**
