Spare Some Love for “The Cooper Family.”

Ayden Cooper from Little Catalina, NL have been guests at RMHC NL since October 2023 when he was diagnosed with cancer. While his battle is expected to continue into 2024, his family has come to rely on the programs and services at Ronald McDonald House to keep their family together.

“The Ronald McDonald House means that we are able to be together as a family to help him go through his diagnosis of cancer. It allows us to be close to each other and without the support of Ronald McDonald House we wouldn't be able to do that. We wouldn't be able to support each other and support him and we need the support of others to do that...I can't express the gratitude that we have towards the whole organization.” Ayden's Aunt, Alicia Fisher
